

# CARGO SECURING

Tie-down and load-control catalogue

**Polyester webbing straps, ratchet assemblies, luggage cords and cargo-securing accessories for transport and general use.**

International sourcing, purchasing and import-export coordination

Product details are subject to final written supplier confirmation.

# Cargo-control sourcing support

CSL IMPEX coordinates product selection, samples, labelling, packaging and export documents. Stated supplier load values must not be treated as certified lashing capacity without test evidence and compliant product labels.

## SOURCE

Supplier search, product comparison and quotation coordination

## VERIFY

Specifications, samples, test reports and compliance documents

## FOLLOW UP

Production progress, packaging and quality checkpoints

## EXPORT

Commercial documents and shipment coordination

# Load-Securing Buyer Checklist

- Confirm webbing width, length, polyester grade, hook type, ratchet material and corrosion-protection finish.
- Do not confuse breaking force with working load limit or lashing capacity; specify the required marked value and applicable test method.
- Inspect webbing, stitching, hooks and ratchets before use and remove damaged products from service.
- Confirm label language, traceability, destination rules and packaging before production.

## REFERENCE FOR BUYER REVIEW

Use recognised load-securing guidance and the destination market requirements. Any EN 12195-2 or other conformity claim must be supported by the actual supplier...

### Ratchet Tie-Down / Cargo Strap

**Model: 991827**
