CUSTOM SOURCING

From enquiry to quotation

A clear brief helps us identify the right product and purchasing requirements.

01 Share your requirement

Send a CSL reference, drawing, CAD file or sample photographs, plus the intended application.

02 Define the specification

Confirm material, dimensions, tolerances, finish, quantity and any testing requirements.

03 Review the proposal

Agree the product specification, sample requirements, tooling charges, lead time and commercial terms.

04 Confirm your order

Approve the quotation and any agreed samples before proceeding with the purchase.

For food-contact, medical or other specialised applications, include the required standards and documentation in your enquiry. Suitability and supporting documents must be confirmed for the quoted product.
