EXPORT

Commercial documents and shipment coordination

Tool Specification Checklist

- Confirm steel grade for each component (for example carbon steel, Cr-V or S2) rather than applying one material claim to an entire kit.
- Specify wrench size system, surface finish, length, unit weight and packing quantity.
- Confirm socket drive size, bit profiles, ratchet tooth count, case material and replacement policy.
- Request hardness, torque/endurance and corrosion-resistance test requirements in the purchase specification.
