Explore the range

Five product categories. Clear references for your sourcing enquiry.

- | | | |
|---|--------------------------------|-----------|
| 01 | Perfume packaging | 4 |
| Screw-neck and crimp-neck bottles; decorative closures | | |
| 02 | Tool kits | 12 |
| Household repair kits and automotive socket sets | | |
| 03 | Hardware and drill bits | 17 |
| Castors, twist drills, masonry bits and hammer-drill bits | | |
| 04 | Fasteners | 27 |
| Self-drilling, wood, drywall, chipboard and concrete screws | | |
| 05 | Measuring tapes | 31 |
| Size and packing options; photos pending unbranded artwork | | |

This edition presents 108 photographed product entries and four measuring-tape families selected from the supplied ranges. It is not the full supplier inventory.

Prices, minimum order quantities, current stock, tooling and delivery schedules are confirmed against your enquiry. Images show reference configurations; final artwork and samples require approval.

From product selection to shipment

China Sourcing Link

01 Sourcing & procurement

Product matching, supplier coordination and specification review.

02 Custom products & OEM

Discuss branding, packaging, colour and configuration requirements.

03 QC & reporting

Agree inspection scope and reporting requirements before shipment.

04 Negotiation & documentation

Coordinate commercial terms and shipment documentation.

05 Logistics

Discuss air, land and sea transport options for your destination.
