Catalogue Guide

Use the CSL reference shown on each page when requesting a quotation. Send your required specification, quantity, delivery destination and preferred timeline.

Technical values and packing fields retain the supplied selection information. Missing units or inconsistent source entries are identified for confirmation; they have not been silently corrected.

Supplier branding has been replaced with CSL branding in presentation mock-ups. These edited photographs illustrate proposed branding, not confirmed factory-applied marks or supplied packaging. Range photographs may show examples rather than every size; select using the written specification and confirm branding, appearance and accessories with your order.

CSL IMPEX presents sourcing selections. This catalogue does not imply that CSL manufactures the products or independently certifies source-listed performance, protection or material claims.
